

**Cypress Landing Marina Certified as NC Clean Marina
Since 2007**

Cypress Landing Marina has been a leader in the NC Clean Marina program. Originally certified in 2007, we have been re-certified in 2010, 2012, 2014, 2016 and 2019. This certification demonstrates the marina's efforts and commitment to environmental responsibility. It also recognizes we are following best management practices. The program is strictly voluntary, but it shows that Cypress Landing cares about the environment and our beautiful Chocowinity Bay and Pamlico River waterways.
